Respondent's Profile Questionnaire

Dear Respondents,

This questionnaire serves as a data collection on a study titled "Alumni Career Link: A Smart Tracking System Bridging Graduates and Employment Opportunities". Kindly fill out as much as possible. The data you provide for the researchers will be treated with the highest respect and remain confidential.

This survey questionnaire determines the effectiveness, usability, efficiency, and flexibility of the Alumni Career Link: A Smart Tracking System Bridging Graduates and Employment Opportunities. Using PIECES Software Evaluation Framework as assessed and evaluated by the end-users and IT experts.

I appreciate your cooperation.

Profile of the respondents:

NAME: (optional) _____
GENDER: () Male (x) Female
AGE: 20 Program/Degree Completed: BSIT module 9
Current Employment Status: () Employed (x) Unemployed () Self-Employed

Please rate the survey from 1-5: Please put a (✓) to your chosen number.

1 = Very Dissatisfied; 2 = Unsatisfied; 3 = Quite satisfied; 4 = Satisfied; 5 = Very Satisfied

A. Responses of end-users on PIECES Software Evaluation of Performance throughout and response time.

	1	2	3	4	5
1. The web system quickly processes my employment information updates.				✓	
2. The system allows me to apply for jobs efficiently, even outside my field.				✓	
3. The system's group chat feature works smoothly without delays.				✓

B. Responses of end-users on PIECES Software Evaluation in terms of Information Input, Output, and Data Storing

	1	2	3	4	5
1. The system accurately reflects my employment updates.					✓
2. The group chat feature delivers useful updates from CPSU staff.					✓
3. The system ensures my job applications are sent correctly to employers.				✓	

C. Responses of end-users on PIECES Software Evaluation in terms of Control and security

	1	2	3	4	5
1. My personal and employment data are securely protected.				✓	
2. I can control what information I share in chats or with employers.					✓
3. The system prevents unauthorized access to my profile.					✓

D. Responses of end-users on PIECES Software Evaluation in terms of Efficiency

	1	2	3	4	5
1. The system makes updating my employment info is quick and simple.				✓	
2. The system streamlines applying to jobs, even outside my field.				✓	
3. The system is compatible with various devices, including tablets and PCs.					✓

E. Responses of end-users on PIECES Software Evaluation in terms of Service

	1	2	3	4	5
1. The system is easy to use and navigate.					✓
2. It is always accessible without any issues.				✓
